Carly

The draft is being given to the PB Members at the 2/9 meeting for their review. I will be receiving any comments from them between that meeting and the 2/23 meeting, at which time the matter will be on the agenda for action.

Also between the meetings I will complete my review and make any modifications.

I anticipate forwarding you a copy of the revised document (assuming changes are made, which may not be the case) on or about 2/21.
